Mr. Charles Fadel
Founder and Chairman
Centre for Curriculum Redesign
Graduate School of Education
Cambridge, MA 01451
United States of America

Dear Charles,

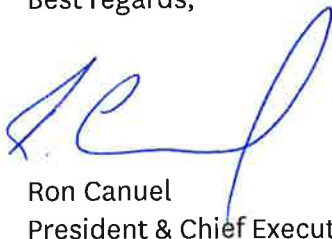

Thank you very much for your invitation for the Canadian Education Association (CEA) to join the Centre for Curriculum Redesign (CCR) as an observer organization.

The CEA is pleased to accept the invitation and we look forward to following your work at CCR.

A not-for-profit research and action centre, Canada's oldest national education association (1891), the Canadian Education Association's primary mandate is to support "Agents of Transformation in Education". Perceived and accepted as Canada's "Honest Brokers in Education", the CEA seeks to understand the challenges to change and innovation in education.

We look forward to observing the outcomes of your work at the Centre and to supporting you in your efforts.

Best regards,

Ron Canuel
President & Chief Executive Officer
