Center for Curriculum Redesign

Dear Charles,

It was a great pleasure to discuss with you your plans to create a Center for Curriculum Redesign. I'm completely convinced that your focus on the curriculum is more important than at any time in the last 300 years with the needs of economies and society changing so fast.

Promethean is committed to supporting people and organizations that are thinking more deeply about issues and your work promises to get to the heart of the curriculum that we so dearly need. The exciting thing about your work is the way you intend to deconstruct the way we think about the curriculum and design a new paradigm and not just replace one idea of subjects with another.

I'm so pleased that you have taken this task on and look forward to working with you on this task so I wholeheartedly give my support to your endeavor.

Yours sincerely,

Jim Wynn
Chief Education Officer
