

Changing the assessment to change the behaviour and focusing on qualification

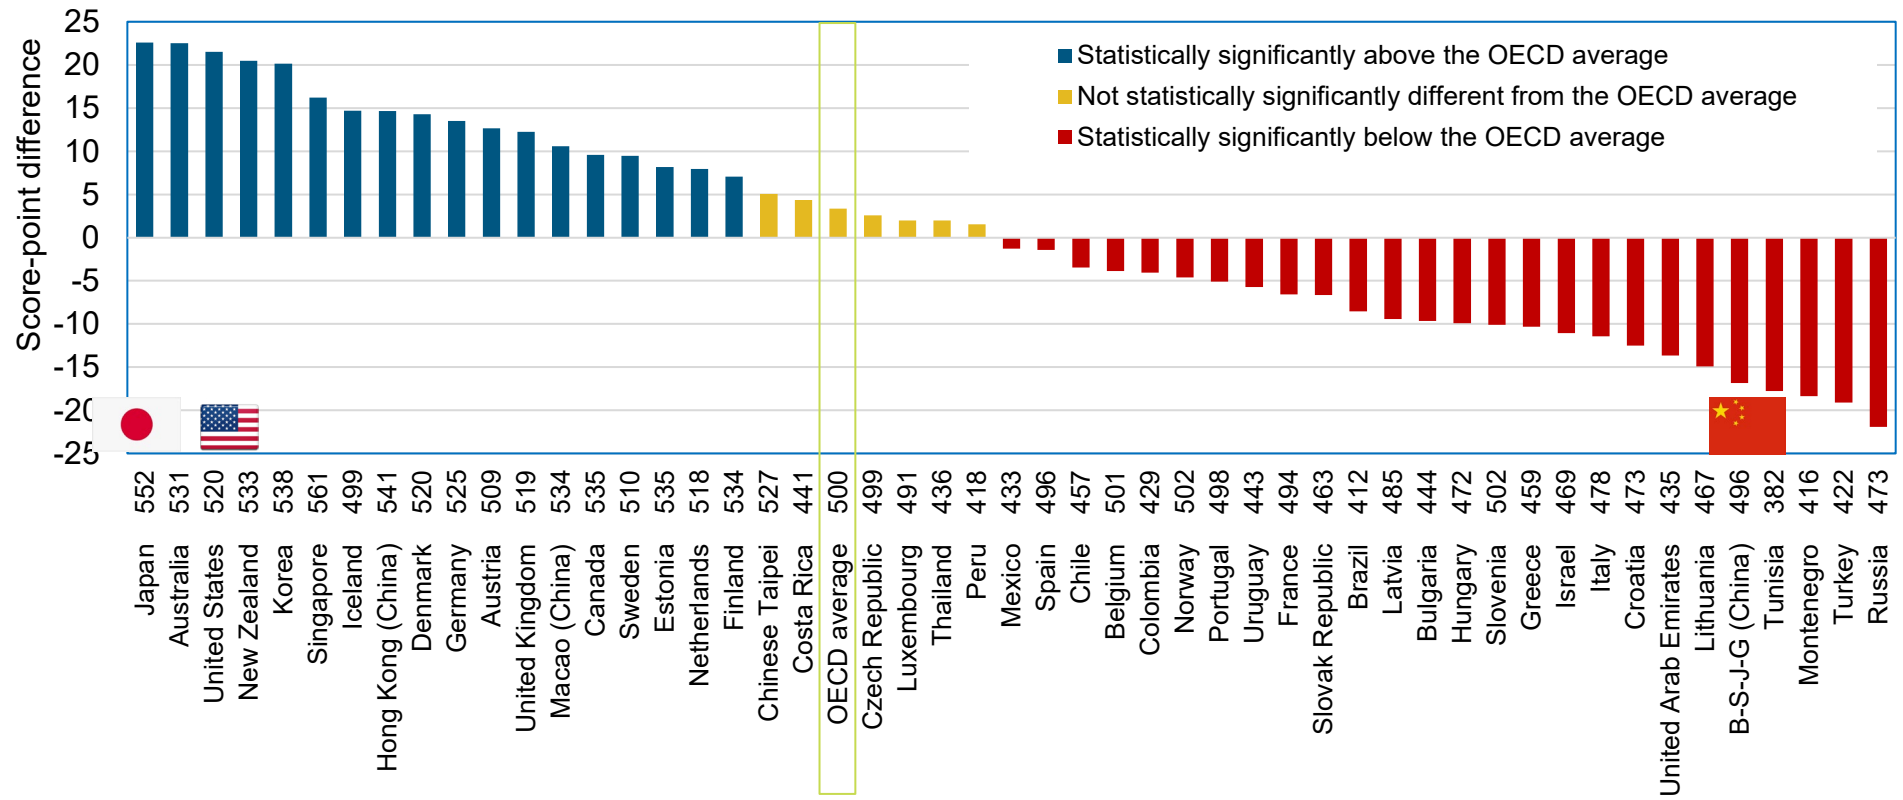

Yuri Belfali

Head of Early Childhood and Schools

Figure V.3.9

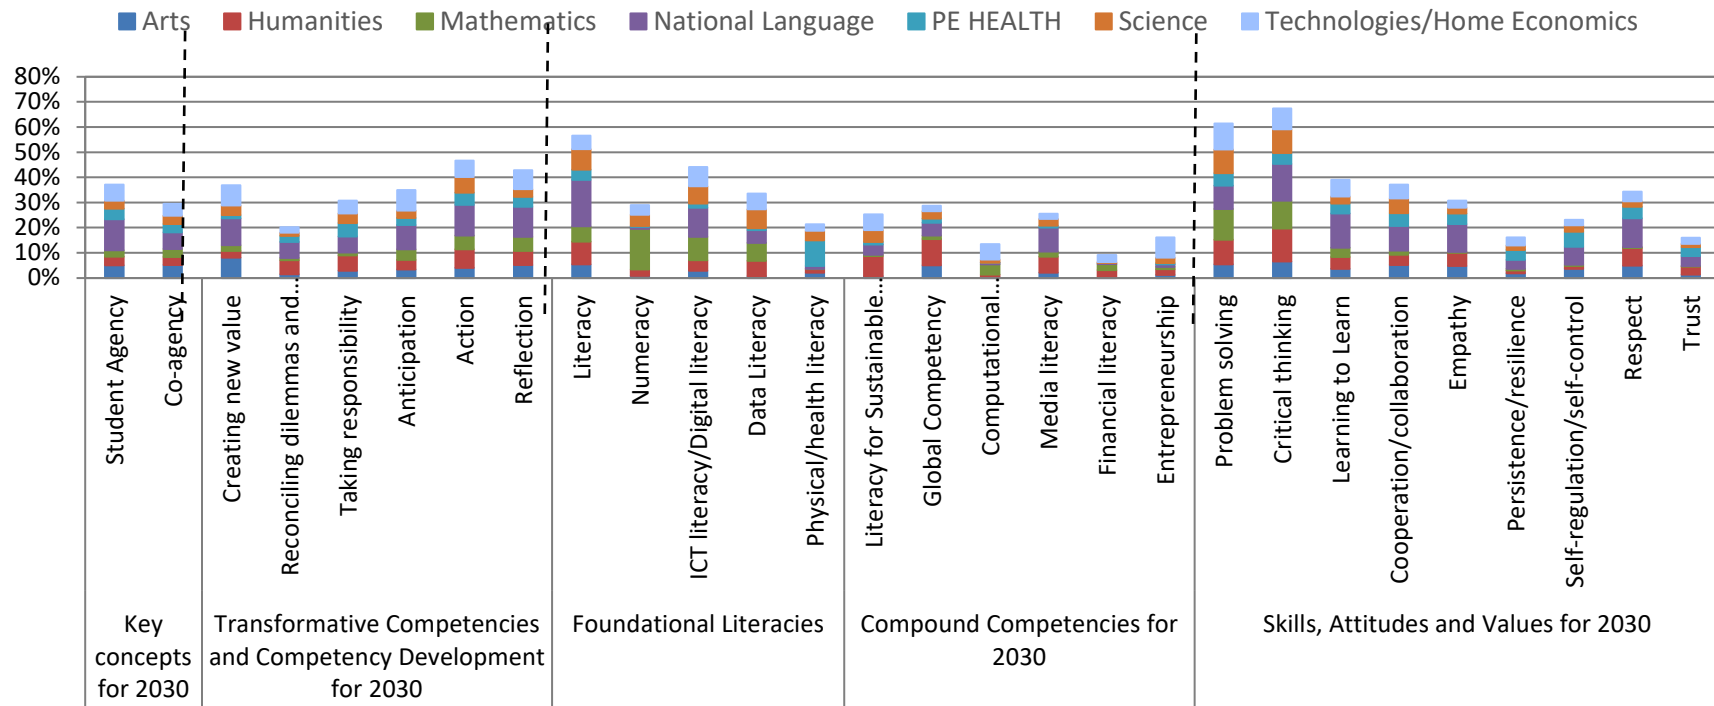

Alignment: What matters for life/employment = what is learnt?

Assessment of collaborative problem solving in PISA

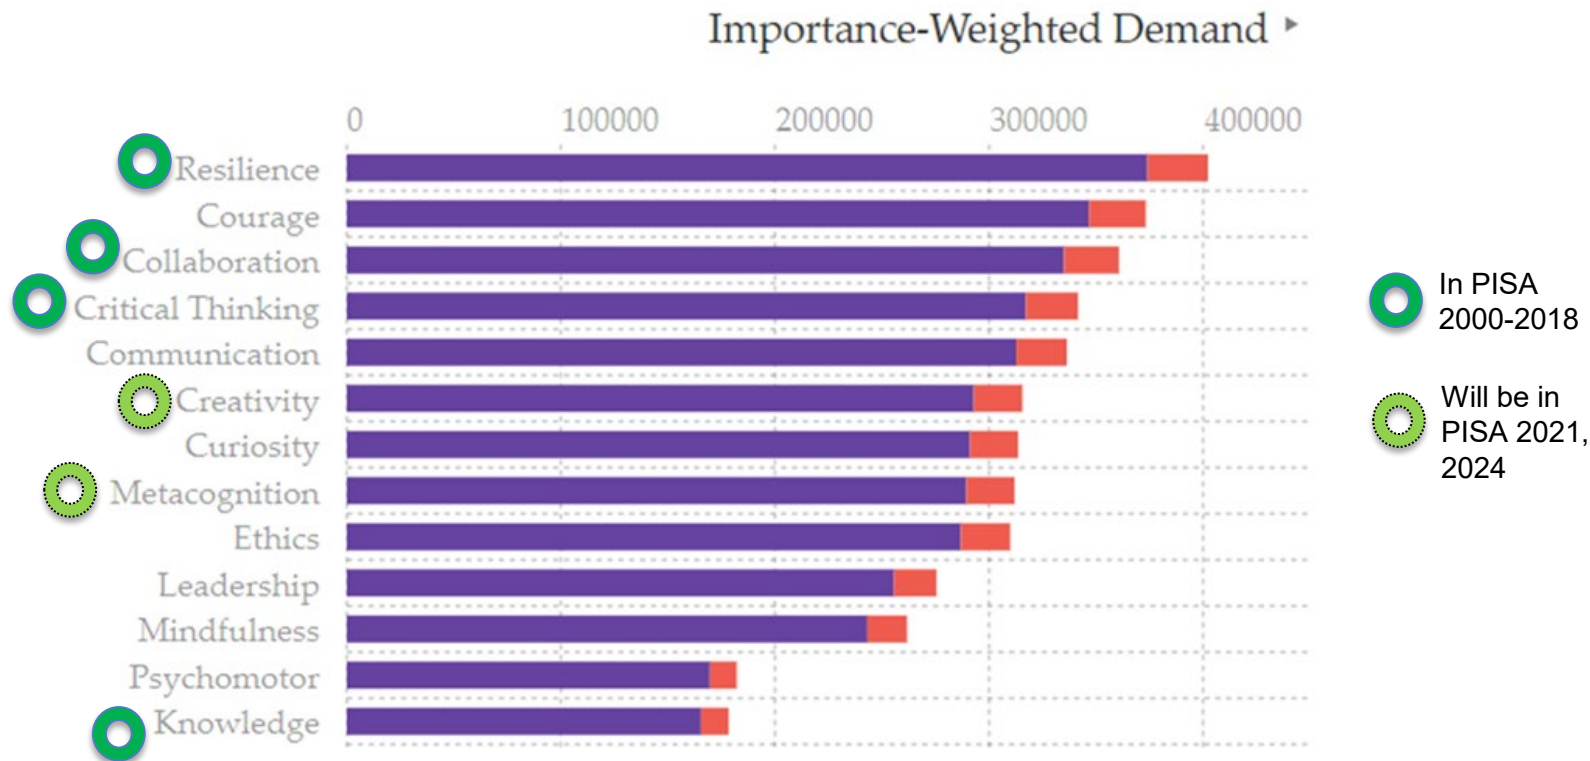

Alignment: What matters for life/employment = what is taught = what is learnt? Curriculum Content Mapping (preliminary finding)

Percentage of content items in the overall mapped curricula targeting each competence
On average across 12 countries/jurisdictions with available data

What matters for life/employment is not easy to assess

In blue: number of jobs x growth rate in 2016; in red: projection to 2026
