Dear Mr <sup>Charles</sup>Fadel

Thank you very much for your invitation to join the Center for Curriculum Redesign as an observer organisation.

It is with great pleasure that I accept the invitation and write this letter of support for the Center for Curriculum Redesign.

The vision of your Center, to redesign curricula for the full triad of "knowledge, skills, and character" aligns with our work in Australia to ensure that all young Australians become successful learners, confident and creative individuals, and active and informed citizens.

At the Australian Curriculum, Assessment and Reporting Authority we are developing a national curriculum that sets out the knowledge, understanding and skills needed for life and work in the 21st century and which sets common high standards of achievement for all young Australians.

We look forward to supporting you and your Center, as you pursue this very significant and important global undertaking, and look forward to participating in and contributing to the work.

Yours sincerely

Robert Randall  
Chief Executive Officer
