**Subject: Center for Curriculum Redesign**

Dear Charles,

I am pleased to learn that you will be creating a Center for Curriculum Redesign, joining Harvard's and Penn's graduate schools of Education, and sponsored by the Moser Foundation.

As you know, Intel has been highly committed to Education since the founding of the company. And in our more recent holistic approach to systemic Education Transformation, we are working in multi-stakeholder partnerships around the globe. This also includes Assessment, Curricula and Standards. Your Curriculum Center concept sounds interesting and I offer your endeavour my support with Know How and networking. I am delighted to serve on the board of directors of this Centre.

Yours sincerely,

Martina Roth  
Director Global Education Strategy, Research and Policy  
Corporate Affairs Group, Intel Corp
